West Burlington, IA 52655

Dear Mr. Kaczinski:

This letter is to confirm that an extension has been granted for your accreditation as an AWS Accredited Testing Facility, Certificate # **181231**. An extension has been granted through October 1, 2023 due to scheduling of the three-year onsite audit. By extending your accreditation you are able to conduct Certified Welder certification tests in accordance with the governing standards of QC4 and QC7.

An audit will be scheduled in the future and the expiration date on the current certificate will be updated. Until this is completed, you are able to conduct business as an AWS Accredited Testing Facility.

Best regards,

A handwritten signature in black ink, appearing to read 'Jessenia Martinez', is enclosed in a thin black rectangular border.
